

Nishan Bhattarai

Tokha, Kathmandu / nishantbhattarai123@gmail.com / 9860204559 / github.com/Nishanbhattarai323

PROFILE

I am a motivated and diligent B.Sc. CSIT student with a solid foundation in computer science and information technology. Passionate about learning and problem-solving, I am seeking an internship opportunity to apply my skills, gain hands-on experience, and collaborate with industry professionals on innovative projects.

EDUCATION

2020 - 2025 **Bachelor of Computer Science and Information Technology**, Nagarjuna College of IT — Tribhuvan University
Currently in 8th Semester

2018 - 2020 **+2 in Science (Physics)**, Trinity International College
GPA: 2.77

TECH SKILLS

Programming Languages: Java, JavaScript, Python, C++ (Intermediate), C#

Web Development: HTML, CSS, JavaScript, React(Basic),bootstrap

Database Management: SQL

Technologies: Python, TensorFlow, Keras, OpenCV, NumPy, Pandas, CNN(Basic), Scikit-learn, .Net

PROJECTS

E-commerce Platform Development (June 2024 - July 2024) Group project

- Led the development of a comprehensive e-commerce platform, including product listings, shopping cart, payment gateway integration, and order management.
- Technologies Used: PHP, WordPress, CSS

Brain Tumor Detection System (Oct 2024 - running) Group project

- Developed a machine learning system to detect brain tumors from MRI images, enhancing the accuracy and speed of diagnosis.
- Technologies Used: Python, TensorFlow, Keras, OpenCV, NumPy, Pandas, CNN
- Project Link: Brain Tumor Detection System

SOFT SKILLS

- Teamwork
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- Nepali
